Are you **bereaved** by **suicide?**

- My name is Janette McKinnon and I am an Honours student at the University of South Australia.
- I am seeking to interview South Australians over the age of 18 who have experienced suicide.
- There are support systems for those bereaved by suicide but are they meeting the needs of the people who need them?
- Your experiences will provide valuable information to guide the provision of support services in the future.
- This project has been approved by the University of South Australia's Human Research Ethics Committee.
